ADU

AUSTRALIAN DISABLED UNIT

ADU (AUSTRALIAN DISABLED UNIT) PORTABLE TOILET

The Australian Disabled Unit (ADU) is the country's premier special needs portable toilet.

The ADU is unique in the Australian market in that it was designed specifically with Australian standards in mind. Wheelchair access is a breeze, with flat ground level entry floor, wide, self-closing door and cantilevered hand basin. Plus it also features a fully compliant, heavy duty stainless steel hand railing, easy-to-use flipper hand-wash pump, and exceptionally strong fibreglass internal construction.

Outside, rugged polyethylene walls promise — and deliver — years of durable use. And a one piece, seamless roof provides extra strength and stability. It's also surprisingly easy to move, with handgrips on each side and built in corner grips.
