

MERLIN ULTRA

HIGH CLASS DURABILITY

MERLIN ULTRA PORTABLE TOILET - GREEN

Want the longest lasting portable toilet for events and construction? You want the Merlin Ultra.

The Ultra is built tough, from the ground up. It has a tried-and-tested, durable construction, featuring galvanised steel skid and twin sheeted walls. And even its lifting lugs are tougher. Made from galvanised steel, they actually form part of the frame (they're connected to internal steel rods linked to the skid base), and they're engineer certified to meet Work Cover requirements.

It's also pleasant to use and easy to maintain, with an easy-clean, ergonomic interior, and a built-in fresh water unit for hand-washing and flushing, not to mention large waste and water tank storage units.

Of course, we haven't forgotten looks. The Ultra was designed with an attractive modern aesthetic, so it's at home at any event or construction site — even Ladies Day at the races!
