

Treatments & Additives

The essentials you need to control the odours and keep your toilet looking it's best.

Ultra Fresh Liquid Additive

The most effective and economical liquid toilet additive on the market. Controls odours and break downs waste solids, like no other.

The Ultra Fresh liquid additive quickly neutralises offensive odours, and breaks down paper and waste. It uses ground-breaking chemical engineering technologies to ensure your customers enjoy a fresh and clean smelling portable toilet for the duration of its hire. It also helps prevent blocked lines and pipes during pump-out and cleaning.

Key Features

- Neutralises offensive odours
- Breaks down paper and waste
- Biodegradable and environmentally friendly
- Effective and economical toilet treatment product
- Non-corrosive
- Dark blue tint

Enviropro - Portable Toilet Treatment

Enviropro's products are different! All natural - 100% environmentally friendly Non-toxic - Biodegradable.

PTT is a highly concentrated micro-nutrient supplement for eliminating odour and reducing solids. PTT also contains a fragrance to provide an immediate response.

Key Features

- Available in 1 litre, 5 litre and 20 litre
- Does not just mask odours - it eliminates them
- Liquefies solids
- Prevents sludge and scaling
- No harsh chemicals
- Easy to use - nothing to mix
- Will not contaminate ground water
- Unaffected by temperature

Ultra Fresh Super Strength

Rapid, effective deodorising technology.

The Ultra Fresh Super Strength toilet additive utilises advanced deodorant technology to provide long-term odour control. A convenient, non-staining drop-in sachet, it requires absolutely no direct skin-contact and disperses quickly in the waste tank. It comes in a resealable weatherproof bag of 48 units per bag, and comes in a fresh fragrance with long shelf-life.

Key Features

- Innovative resealable weatherproof packaging
- Available in 48 sachet packs, 5 packs per case
- Typical dosage: 1 sachet per week (depending on use)
- Quick dispersion in waste tank
- Refreshing, pleasant fragrance
- No skin contact when handling
- Long shelf life

Ultra Fresh Deodoriser Discs

Continually freshen the air inside your portable toilets with a disc that hangs on the wall.

Designed with a fragrance that lasts for weeks, the Ultra Fresh Air Freshener Discs will make your toilets smell better, longer. All you need to do is conceal the disc within the cabinet, and it does the rest.

Key Features

- Available in fresh fragrances Mulberry or Sunshine
- Available in 100 disc packs, 5 packs per case
- Lasts 2 weeks - consistent with your service routine

Ultra Fresh Bio

Environmentally friendly deodorising.

With their highly effective custom 8-strain bacteria plus added enzyme agents, Ultra Fresh Bio sachets not only deodorise your portable toilet waste tanks and septic tanks, but also break down waste and paper, to completely liquefy the waste tank contents. All without harming the environment!

Key Features

- Starts working immediately to control odours
- Rapidly breaks down waste & paper
- Environmentally friendly
- Custom 8-Strain Bacteria with added enzymes
- Non-staining colour
- New fresh scent
- Septic tank friendly

Graffix

When we say spray it on, wipe it off, we mean it.

Graffix is an environmentally safe liquid gel used to remove paint and chemical resistant coatings, and does not contain MEK or any other harsh, flammable chemicals. It is specially designed to remove multiple layers of oil and latex paints from various materials, including HDPE, wood, brick, stone or metal.

Key Features

- Biodegradable and environmentally safe
- Use on multiple surfaces including HDPE, Wood, Brick, Stone or Metal
- Safe and effective removal of stubborn graffiti
- Available in 1 Gallon drums or 32oz spray bottles
- For use on your toilet fleet, fences, walls and more!
